This powder never varies. A marvel of pur-rity, strength and wholesomeness. More eco-nomical than the ordinary kind, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. Royat Baring Powner Co., 106 Wall street. New York.

Why You Feel

sanitary condition of a city to be perfect with defiled water and defective sewerage, as to expect such a complicated piece of mechanism as the human frame to be in good order with impore blood circulating even to its minutest veins. Do you know that every drop of your two or three gallons of blood passes through the heart and lungs in about two and a half minutes, and that, on its way, it makes bone and muscle, brain and nerve, and all other solids and fluids of the body? The blood is the great nourisher, or, as the Bible

"The Life of the Body."

Is it any wonder, then, that if the blood be not pure and perfect in its constituents, you suffer so many indescribable

Ayer's Sarsaparilla stands " head and shoulders" above every other Alterative and Blood Medicine. As proof, read these reliable testiments:

G. C. Brock, of Lowell, Mass., says:

"For the past 23 years I shave fold Ayer's Sarsaparilla. In my counton, the hest remedial agencies for the cure of all the diseases arising from impurities of the blood are contained in this malicine."

Engene I. Hill, M. D., 38) Sixth Ava., New York, says: "As a blood-purifier and general builder-up of the system, I have never found anything to equal Ayer's Sarasparilia. It gives perfect eatisfaction." Ayer's Sarsaparilla proves equally efficacious in all forms of Scrofela, Beils, Carbunches, Eczema, Humors,

Lumbago, Catarrh, &c.; and is, therefore, the very best Spring and Family Medicine in use. "It beats all, says Mr. Cutler, of Cutler Brothers & Co., Boston, "how

Ayer's Sarsaparilla

does sell." Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Prim \$1; sir bottlet, \$5. Worth & a bottle.

As a matter of fact, qualified pilots are pilots the world over; but as men they differ more widely as types than the races or nations to which they belong. Your

New York harbor pilot is one of the gravest and quietest of living men. He is sober, demure, unobtrusive, earnest. You who annually summer in Europe From dress and appearance you could not even tell be was a scafaring man. This English pilot lived at Pill, at the edge of the tisle, near Avonmouth, where dwell a hundred other pilots in slime, coze, flith and drunkenness. Their women are half nude brawlers, harridans, and the husbands live myless lives of sodden stapor, startlingly contrasting with the alertness hardihood and daring of their hours of

But a grade higher in the qualities that prompt aspiration are their brothers of the British northern coasts and the English channel. They are chiefly men who the degree of securing note among then fellows for hardiness, knottiness and from in frame, heart and life. Those of the Baltic seas are held in high esteem, not vertain respect and almost awe for their recation which have come down, like folk lore, through the centuries, from the knowledge that old Danish law beheade pilots for harm befalling vessels in their charge, thus alding an element of trecharge, thus alling an element of tre-mendous moral courage to an already un-approachably dangerons calling. Our own Pacific coast pilots are a bright, nervy, ambitious lot. The gulf, Key West and Bahama pilots are a sunny crew with more than a trace of "wrecking" taint in their warmer yeins; and, while less hardy, they are full of romance and song. And your Cuban pilots... I know well the errors. your Cuban pilots—I know well the grace less throng—are nerveless slaves of a des potic regime: picturesque in color and act buncles of excited ejaculations and oaths, and without the blood, spirit or integrity of an American barnyard fowl.-Edgar L. Wakeman's Letter.

Appearance of Tenement House Children Every one who visits among the tene ments is surprised at the healthy looks of the children, who run about bareheaded and in summer barefooted, and who seem vivors who have passed through the criti cal age of infancy, when the weak quickly succumb to the foul air and torrid heat Even these survivors, though they may seem outwardly vigorous, have but little strength, and when an epidemic of mea sles or scarlet fever prevails they quickly yield to its baneful influence. The managers of children's institutions will confirm this statement, and it shows how the effects of tenement life are perpetuated. The texrible mortality among young children is the most potent evidence of the effects of the tenement house system. The massacre of the impocents in the The massacre of the innocents in the homes of the poor is amazing and appelling to any one who has given it thought. For upward of twenty years some 15,000 to 17,000 children under 5 years of age. annually perish in the metropolis, and most of them from what with fine irony are called "preventable" diseases. Deand the various improvements that hav been erected, the proportion of children's deaths show a steady advance, and it will continue to increase until radical measures are taken by the health authorities to im

It is more to the present purpose to speculate upon what the 100,000 Amerimany men in this world who are rich who have no more right to what they have resenting several millions of dollars, bu not of very great importance one way or the other.
